

The background of the page is an anime-style illustration. It depicts a large, dark-furred gorilla with a serious expression, wearing gold-rimmed sunglasses and a thick gold chain with a diamond pendant. The gorilla is holding a cigar in its right hand. It is on the deck of a boat, with the ocean and a blue sky with white clouds in the background. Several anime-style girls in swimsuits are visible behind the gorilla, looking towards it. The text 'Sol Bastard' is written in large, bold, green letters across the middle of the image, and 'White Paper' is written in smaller, white letters below it.

# WHAT IS SOBA?

\$SOBA is a fun and unique memecoin inspired by Crypto Bastard, a popular TikTok influencer known for his hilarious and insightful crypto videos. While \$SOBA brings the playful and humorous vibe of Crypto Bastard to the crypto world, it also has a serious and experienced team working hard behind the scenes. This coin aims to build a vibrant community of crypto fans who love a good laugh but also value innovation.

\$SOBA is more than just a meme; it's about giving back to the community. A portion of the coin's proceeds is dedicated to community initiatives and charitable causes, ensuring that the success of \$SOBA benefits everyone involved.

\$SOBA had a fair launch on Pump.fun, ensuring that everyone had an equal opportunity to invest from the start. The total supply of \$SOBA is 1 billion, and all of it is currently in circulation. All liquidity is burnt, which means it's permanently removed to enhance the coin's stability and build trust within the community.

The developer holds about 7% of the total supply. A significant portion of this will be used for community giveaways and charitable initiatives, reinforcing \$SOBA's commitment to giving back. These funds will also support future tokenomics and utilities as the coin continues to grow and evolve.

\$SOBA is designed to benefit its community while maintaining a fair and transparent economic model, making it a trustworthy and attractive option for crypto enthusiasts.

# ROADMAP
